Frontend Web Developer • Computer Engineering Student • HTML • CSS • JavaScript

OBJECTIVE

To begin my professional career as a Frontend Web Developer where I can apply my knowledge of HTML, CSS, JavaScript, C#, and SQL Server to develop responsive and user-friendly applications. I am eager to learn modern technologies, enhance my programming skills, and contribute to innovative software development projects while growing as a professional developer.

PROFESSIONAL SUMMARY

Passionate and dedicated Computer Engineering student with a strong interest in Frontend Web Development and software engineering. Experienced in designing responsive websites using HTML and CSS while continuously improving JavaScript and Python skills. Capable of developing academic and personal projects with clean design, responsive layouts, and effective problem-solving techniques. Highly motivated to learn new technologies and build modern web applications.

CAREER HIGHLIGHTS

- Designed and developed a fully responsive Personal Portfolio Website using HTML and CSS.
- Built a Vehicle Rent Management System using C# and SQL Server featuring customer management, booking, billing, employee management, and driver management modules.
- Developed a responsive Conference Website using HTML and CSS with modern layouts based on Flexbox and CSS Grid.
- Created multiple frontend projects to improve responsive web design and user interface development skills.

- Continuously learning JavaScript, Python, Git, GitHub, and modern frontend development practices.
-

PROJECT EXPERIENCE

PERSONAL PORTFOLIO WEBSITE

Frontend Developer

Designed and developed a modern personal portfolio website to showcase projects, technical skills, resume, and contact information.

Responsibilities

Features

- Customer Management
 - Employee Management
 - Driver Management
 - Vehicle Information Management
 - Booking System
 - Billing System
 - Rental Details
-

DEV CONFERENCE WEBSITE

Designed and developed a responsive conference landing page using HTML and CSS.

Features

- Hero Section
 - Speaker Section
 - Pricing Section
 - Responsive Layout
 - Modern User Interface
-

TECHNICAL SKILLS

Frontend Development

- HTML5
 - CSS3
 - JavaScript (Learning)
-

Programming Languages

- C#
 - Python (Learning)
-

Database

- SQL Server
-

Development Tools

- Visual Studio Code
- Visual Studio
- Git & GitHub

Web Technologies

- Responsive Web Design
- CSS Flexbox
- CSS Grid
- Basic DOM Manipulation

EDUCATION

Bachelor of Science (B.Sc.) in Computer Engineering

American International University–Bangladesh (AIUB)

Status: Currently Studying

STRENGTHS

- Quick Learner
- Strong Problem-Solving Ability
- Team Player
- Creative Thinking
- Good Communication Skills
- Self-Motivated
- Adaptable to New Technologies

INTERESTS

- Frontend Web Development
- Software Development
- UI/UX Design
- Learning Modern Technologies

- Programming
 - Problem Solving
-

LANGUAGES

- Bengali — Native
 - English — Intermediate
